

GREAT YARMOUTH CSN PLANNING SESSION

Key Action Points

- GYSP will have to adapt as the LSp changes its structure and themes
- Sport is now part of a wider cultural approach
- GYSP has been opportunistic with no grandiose plan at the start
- GYSP has been driven by its terms of reference with no grandiose plan as such
- GYBC have agreed to do a leisure needs piece of work, GYSP are being integrated into this
- GYSP has existing general aims and objectives
- With what GY has set out to do, more people will take part as a result of tackling community safety etc
- Trust status is a long term aspiration. This is going to be easier to look at / establish where they now have a credible track record of delivery
- The GYSP doesn't have £ in itself and £ is held in each individual organisation for whatever project they are doing – this breeds trust
