

Tendring Workshop Session Feedback

KEY ISSUES TO ADDRESS

1. Range of diverse groups all with their own agendas and funding
2. Need to influence LSP and CEO to get political buy in
3. Need a core social / economic focus for the CSN as a sub group of the LSP
4. Need to think about whole membership of the CSN that will add value and ensure a single voice for Sport
5. Could start with a focus on education and health – linked to PSA targets?
6. Need to review existing range of strategies and amalgamate where possible to influence pooling of resources
 - SSCom Development Plan
 - Dual Use Community Plan
 - Sports Development Strategy
 - Plan For Obesity / Physical Activity
 - Youth Strategy
 - Crime & Disorder Partnership
7. What is the role of existing sport council in this work. There needs to be an alliance
8. Work needed on branding and image
9. Review positioning of groups like Tendring Youth Activities Partnership – does this provide the corner stone of a wider CSN?
