3. Improving Performance

Active People 2 First Quarter Results: Yorkshire and Humber Leading Rest of England

The latest research from Sport England has shown a significant increase in the number of adults in Yorkshire and the Humber who regularly take part in sport and active recreation. The increase is the largest of all the English regions. Read the [press release](#) or find out more about [Active People 2](#).

Active People and Market Segmentation Questionnaire

Sport England Yorkshire is conducting a short survey to find out how our partners have used the Active People Survey and market segmentation research. Your feedback will help us to evaluate how well Sport England's research has enabled our partners to work more effectively. Please take the time to give us your thoughts. The survey should take no more than 5 minutes to complete. [Complete the survey](#)

Local Area Agreements

A LAA is a collection of 'up to 35' improvement targets that authorities select from the National Indicator Set to help deliver against local priorities. Local Authorities submitted their initial LAA drafts to Government Office at the end of March and are currently negotiating to agree targets for each selected indicator. The final agreements are expected to be signed-off by the end of May.

4. Capital Infrastructure
