

CLASS SELECTION

It is recommended that your CSP assists you with the selection of your classes. Up to three classes in three different year groups will be asked to participate in the Survey. In the case of infant schools, both Year 1 and Year 2 will be sampled.

Instructions:

Within each specified year group, please identify classes that are mixed-ability and list them in alphabetical or numerical order.

Using the selection grid provided by your CSP, read down the 'No. of classes' column to the correct number.

To the right of this number is the 'Select' column, use the number specified here to identify the class selection number.

If there are more than 10 classes please use 10 as the 'no of classes' in the selection grid.

For example:

1. If you have 4 classes named - Red, Yellow, Blue and Green, this would be: 1. Blue, 2. Green, 3. Red, 4. Yellow.
2. Using the sample selection grid below and 4 class names above, this would select class 1. - Blue.

Sample selection grid

No. of classes	Select
1	1
2	1
3	3
4	1
5	4
6	2
7	1
8	3
9	6
10	6

If you would like to survey more classes than specified in the class selection, or for any other questions please contact your CSP.
